

Get a new angle on window cleaning.

Get a new, easier way to clean.

Cleaning is a snap when you convert your Andersen Perma-Shield® double-hung windows to convenient Tilt-Wash

windows. Just tilt the sash toward you and clean both sides of the glass comfortably from inside your home. You'll never have to drag out a ladder - or even go outside - to keep your windows clean and perfectly maintained.

Just tilt the sash to wash from inside your home.

Get a new window.

The Andersen Tilt-Wash Conversion Kit gives you more than a better way

to clean. You also get a new sash that matches your existing window inside and out. New argon-filled High-Performance™ insulating glass, which means lower energy bills for heating and air conditioning. New jamb liners and balances are included, too, as well as a new lock and keeper. It's almost like having a whole new window. You can even order optional hardware in a variety of finishes and styles.

High-Performance™ glass reduces energy costs.

Updated locks and jamba included.

Get a new warranty.

All parts included in your Conversion Kit are backed by the longest, strongest, most comprehensive warranty in the business - twenty years for glass, ten years for other components. Your new Tilt-Wash windows are guaranteed to stay weatherproof, worryproof, and easy to clean for a long time to come.
